

Adding PDC Applications to your Ad Blocker Exclusion List

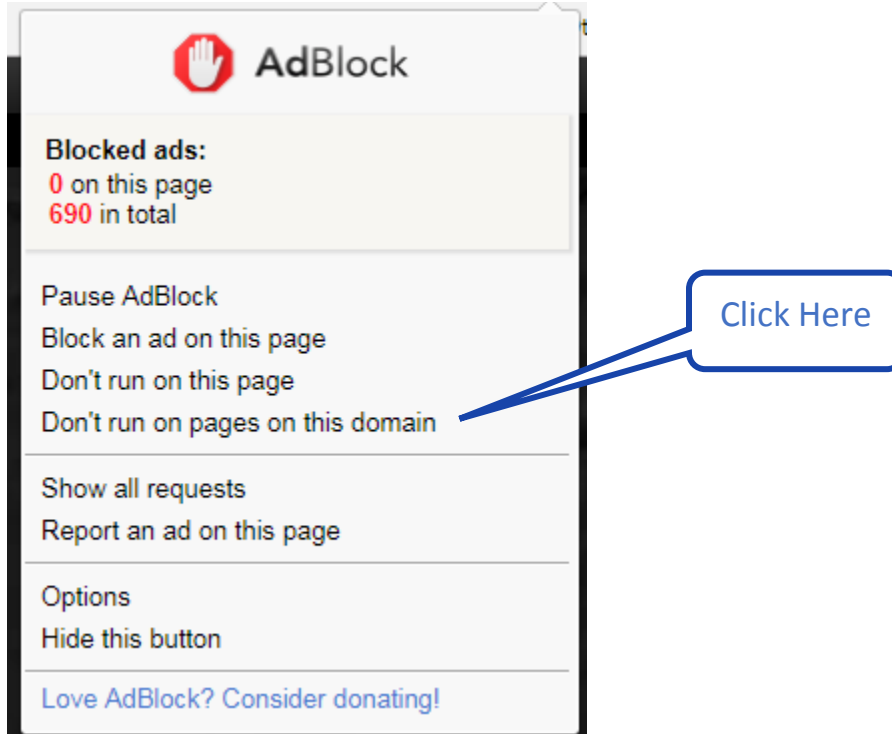

To ensure proper DisasterAWARE functionality, please add *.pdc.org to your ad blocker exclusion list. Here are some instructions to ensure you can use our applications when using Adblock, Adblock Plus, and uBlock.

Adblock

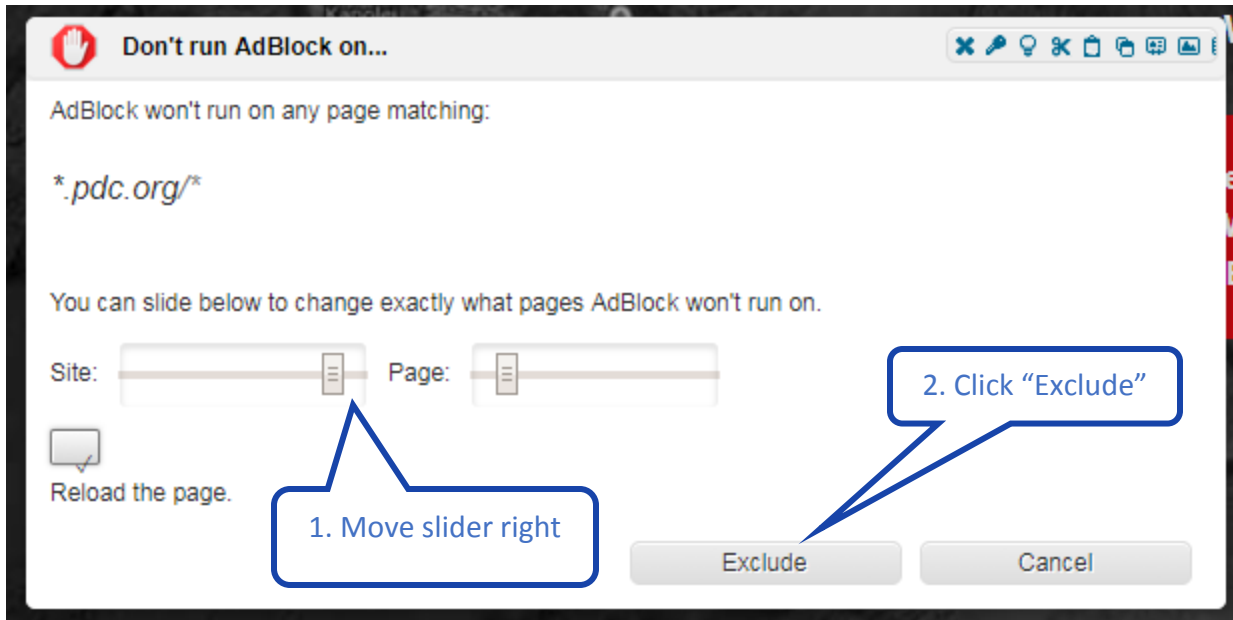

1. Click the Adblock icon in the browser

2. Click "Don't run on pages on this domain" option

3. Move the "Site" slider to the right, the text will change to "*.pdc.org/*", click the "Exclude" button.

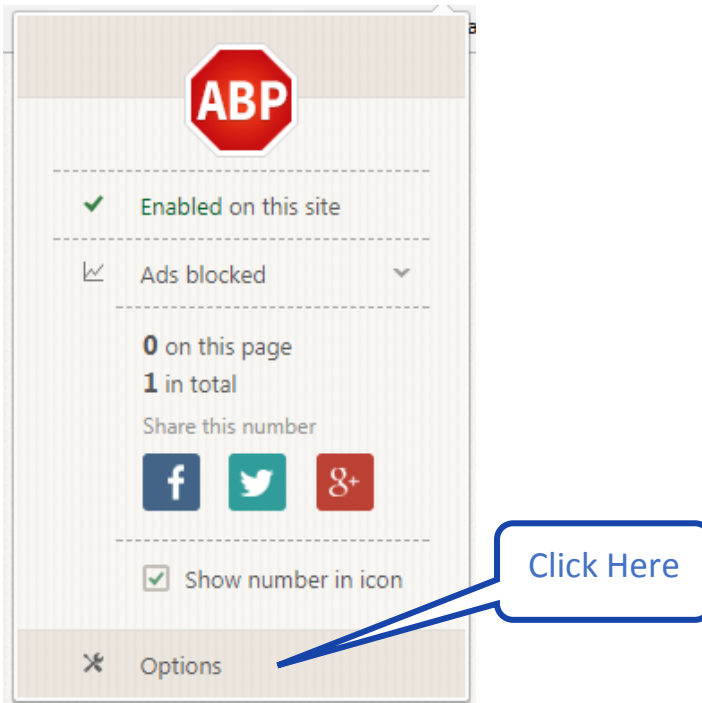

4. The page will reload and pdc.org will no longer be blocked.

Adblock Plus

1. Click on the Adblock Plus icon in the browser.

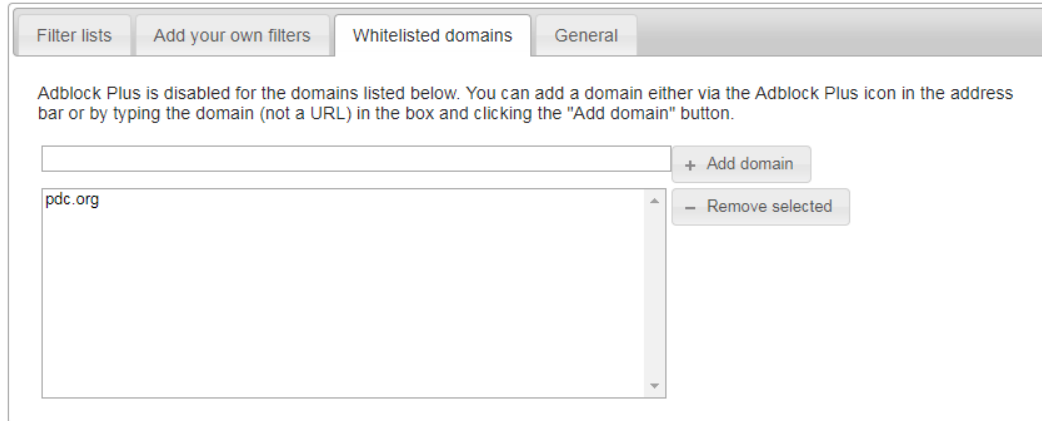

2. Click on *Options*.

3. Go to the *Whitelisted domains* tab and type "pdc.org" in the entry field. Then click + *Add domain*.

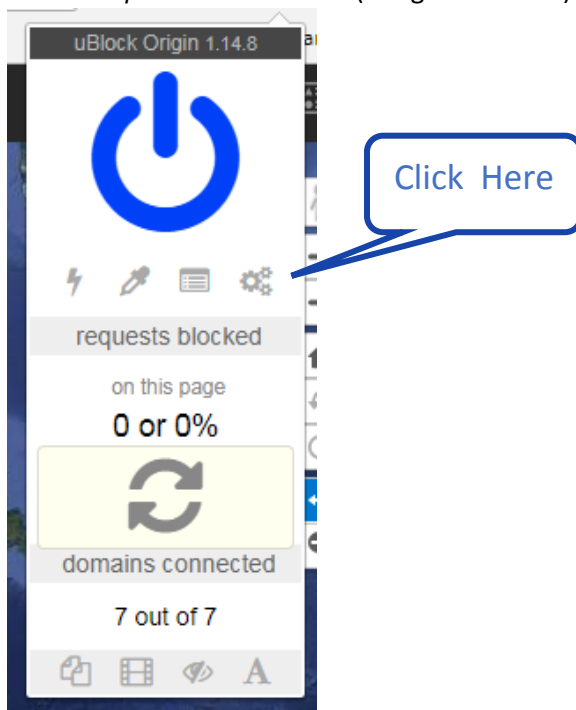

Adblock Plus Options

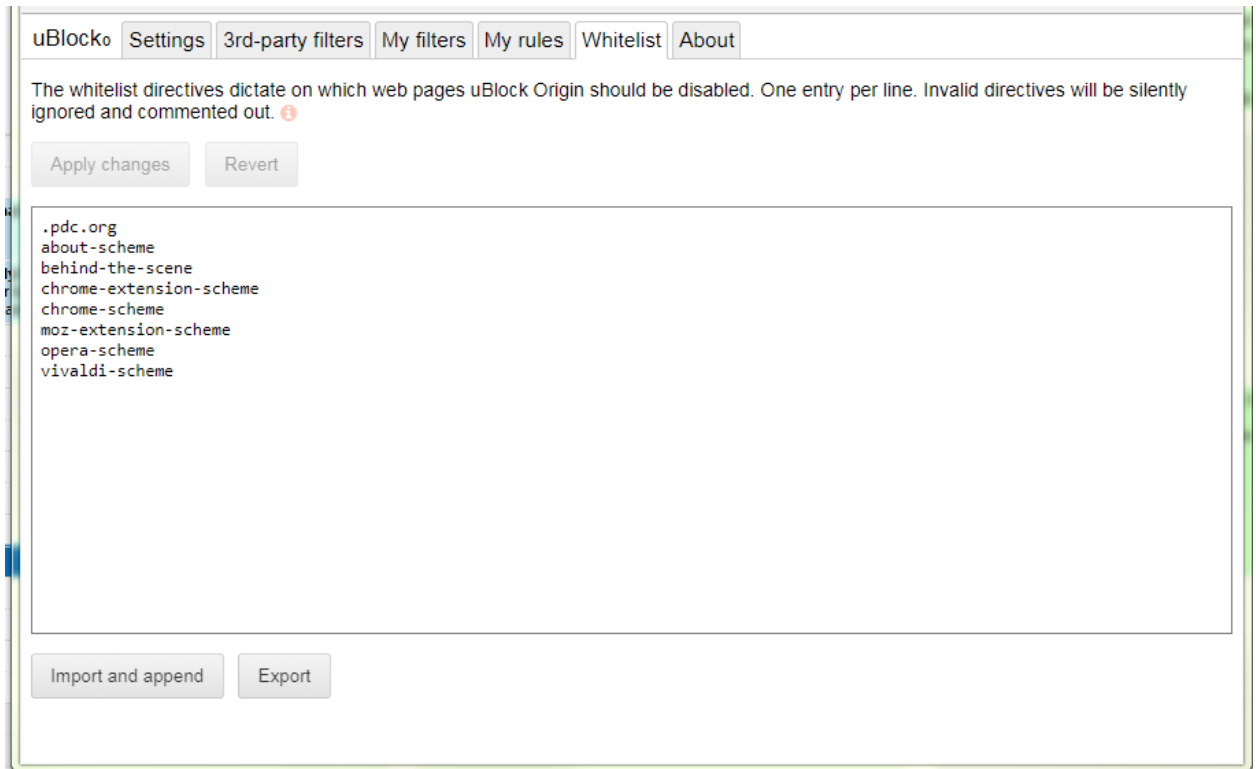

4. The page will no longer be blocked.

uBlock

1. Click on the uBlock icon in the browser.
2. Click on *Open the dashboard* (the gears button).

3. Go to the *Whitelist* tab and add “.pdc.org” to the list of pages. Click *Apply changes*.

4. The page will reload and pdc.org will no longer be blocked.
